Among the postponed services under minor works for 1924 was the following item -
Postponed Gardens Gate posts at all entrances
Erection of - \$500.

The item was allowed to lapse as the D. of S. wanted proper gates provided to all the entrances the cost of which will be \$5250.

2. The estimate includes for new pillars

& gates at the following
entrances; open.

Provision in the 1926 estimates
for the site of the gardens.

To
CS.

SIR,

unanimous

I have the honor at the
instruction of the Gardens Committee
to request the provision in
the 1926 budget estimates of
of \$ 5250/ (say ^{five thousand and 250/})
for the erection
of gates at the entrance to
the Botanic Gardens.

2. The Committee notes that
as a natural consequence of the
long journey round the gardens
the tendency to make a
circumvent thoroughfare of the
garden road forms, and con-
siders that ~~it is essential to~~
the amenities & cannot be
prevented unless means are
taken to check it. It is
devised of them that if
the gates ^{entrance} away from town be

Kept closed since, say, 10 days to
3.30 pm. ~~was~~ and all be closed
as provided by law at least
a great ~~benefit~~ improvement
will result. The alternative to gates
would seem to be ^{a committee} ~~the~~ increase ~~&~~
^{number of the} ~~of~~ ~~the~~ ~~watchmen~~ ~~&~~ ~~employment~~
of men much more authoritative
than those used now.

3. The proposal I sent Gates is
not new. A WtC ^{for them} ~~sent~~ ~~in~~ the
Estimate for 424, but was not used:-
The service was crowded out and the
amount inadequate.
